

Richard von Buelow

were found I took corrective action to fix the problem.

- 3D Animations – Created animations to support the video department using the open source 3D modeling program Blender. Composited scenes with Adobe After Effects.
- Teamwork - Collaborated in teams and provided technical consultation on a myriad of design issues. I work well sharing and listening to others ideas. Then implementing everything into a finished.

California State University Monterey Bay 05/13 – 07-13

Video Editor / Animator

- Created custom videos detailing course content using Adobe After Effects. Worked on solo projects where I was responsible for creating every aspect of final product. Generated unique animations, designs and audio for each project.

A Festive Affair

2010 – 2012

Delivery Driver

- Loaded trucks, set up equipment, and picked up supplies.
- Performed general maintenance, such as cleaning and repairing equipment.
- Provided customer service in the field.

California State Parks

2009 – 2009

Maintenance Worker

- Responsible for the maintenance of three state parks, including all public areas (campsites, trails, restrooms, maintenance shop and visitor center).
